

they achieved GROWING MEAT FROM STEM CELLS IN THE LAB, which has not much taste with THETIC EGGS WITH NO NUTRITIONAL VALUE to them? (they are really bad for you), brilliant!

### AME (ARTIFICIALLY MODIFIED EVERYTHING)

Following the success of engineering Blue Roses, they had achieved not only making SYN- Oh, sorry, I forgot you aren't coming back. BUT are you? more helpful than, let's say, Aepyroris maximus), JUST IN CASE YOU WANT TO COME BACK. these amazing creatures may well have existed? - ones with wings would probably be much birds big enough to carry you back (the gigantic roc? The dragon? Studies have shown that help of the huskies you can make it back home. In the case of Mars, perhaps taking eggs of come back. Even if ALL THE SYSTEMS ARE DOWN and NOTHING ELSE IS WORKING, with the let's say, London to the North Pole? You can just manage to walk back if you ever decide to, "communicate" through the satellite video calls WITH 7 MIN DELAY. It's ONE WAY BOTH WAYS? Hurray! No Problem! So, a ONE-WAY ticket to Mars is like a ONE-WAY ticket to, really far, much further than you could imagine, from your family and friends. You can still "BEING TOGETHER". Hey, Hash Hash! Then, of course, it's not a problem to live so far away, with others, using social media and live video calls, etc. which gives us THE ILLUSION OF We've become so used to communication systems where you don't require physical contact

### ONE WAY TICKET

never know how many things are MADE UP IN THE NAME OF SCIENCE, do we? we rely on the scientific evidence to make decisions quite often. The problem is, that we've become VERY DOUBTFUL ABOUT THE "OFFICIAL" STATEMENTS but we still trust science, quite FAMILIAR AND ACCEPTABLE. This is another way of manipulation. In recent years, considered to be "impossible" years earlier, would no longer be "impossible" but rather INTO OUR MIND AS FICTION first, so when it comes to actualisation of the ideas, originally THE "IMPOSSIBLE IDEAS" INTO REALITY? They slowly but steadily INTRODUCE THE IDEAS technologies are actually more than capable (it's all done in secret, of course) of TURNING This is the strategy used to introduce alienated ideas as fiction/science fiction when the

### ALIENATION - FAMILIARITY STRATEGY

does it mean by "FICTION BECOMES REAL"? "FICTION" IS "REAL", isn't it? "REAL" WAS ACTUALLY ILLUSION? What if we were all in *The Truman Show* (1998)? What the "Mars Residents/Astronauts" in the film set, AGAIN? What if everything we believe as being hypnotized? Are they CONTROLLED BY MICROCHIPS? Are they actors PAID TO PERFORM migration have all been faked? Could it all be orchestrated to look real, AGAIN? Are they LANDING WAS FAKED, it was officially proven, finally after fifty years. Could the Mars HUMANS TO MARS FOR SOME EXPERIMENT. BUT are they really living on Mars? THE MOON NASA claimed that it COULD BE POSSIBLE to live on Mars? In 2023, they started to SEND colonised Earth after damaging Mars to a level where there was nothing much left. In 2013, Earth and Mars share a lot of common characteristics. Mars mirrors future Earth. They

NIL TO NOT MUCH NUTRITIONAL VALUE to them!? Amazing! Cheers, everyone! Using these fantastic technologies, most of the food is cultivated by the Mars Residents/Astronauts themselves in the kitchen EXCEPT SPECIALTY FOOD (CHOCOLATE, COFFEE AND TEA!?), which are SUPPLIED IN THE R2D2 POSTAL SERVICE. BUT surely, they can grow tea leaves easily if they can cultivate everything else, and MAKE CHOCOLATE WITHOUT REAL CHOCOLATE, JUST LIKE CADBURYS DO, can't they?

### MARS RESIDENTS = ZOMBIES?

On Mars, everything except new computers and clothing are 3D PRINTED AND STEM-CELLS-LAB-GROWN to be consumed by the Mars Residents/Astronauts who have LEFT EARTH FOR GOOD, to live and work for "WHAT WILL LIKELY BE THE REMINDER OF THEIR LIVES". Hmmm, sounds very nostalgic, doesn't it? Are they in prison? Could they not be allowed to explore new ways of living? Are they "T-H-E W-A-L-K-I-N-G D-E-A-D"? Are their DEAD BODIES BEING CONTROLLED BY MICROCHIPS to move around as if they were still "A-L-I-V-E"? Would it all be just HOLOGRAMS?

### STAR WARS STYLE HOLOGRAM

"Scientists at the Massachusetts Institute of Technology have cracked a major technological hurdle to make LOW-COST, HIGH QUALITY HOLOGRAPHIC VIDEOS A REALITY", online news reported in 2013. They have admitted the existence of this advanced technology, which cost around £320 to build each holographic monitor back then, it's now only £120 each to build one! Bargain! Most of you own one by now (I don't.). I mentioned about "ALIENATION - FAMILIARITY STRATEGY" earlier. The hologram had been a science fiction idea, hadn't it? It no longer is, it was officially proven, it was technically possible, it BECAME "REAL". We WEREN'T REALLY SURPRISED because we got so used to the idea, in fact, we were WAITING FOR IT TO BECOME REAL. See how it works in our minds!? This no doubt contributes to the Mars Reality TV Show "mARS bIG bROTHER" SUPPOSEDLY BROADCASTING BACK TO EARTH, doesn't it?

### EARTH, WIND, FIRE AND SEPTEMBER...

AND, WHAT ABOUT US? Do you not feel as if you were being watched all the time? In Southpark "Cancelled" (2003), an alien, Najix explains to the SPK boys about THE REALITY TV SHOW "EARTH" in which everyone (humans) around the world are UNKNOWINGLY BEING FILMED AND WATCHED BY OTHER ALIENS!? After episode 100, they are... (you can find out their horrific plan yourself.) We all know it's only animation. BUT, DO WE REALLY KNOW WHAT IT MEANS? Remember FICTION IS REAL, remember it's been happening, remember it'll keep happening, UNTIL WE STOP IT HAPPENING.

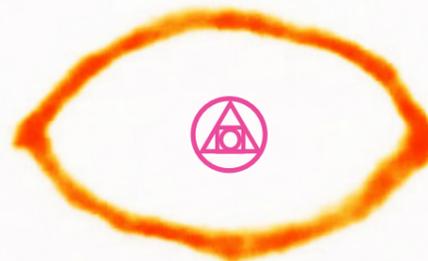

the planet Earth, the rest of the Universe, and beyond. LONGER A MINORITY. BUT, we still need to REMIND OURSELVES FOR OUR FUTURE, our planet, SAKE OF THE HUMAN RACE. People like us used to be treated as insane but now WE ARE NO THEM? I have received a message from good aliens to REMIND US TO OPEN OUR EYES FOR THE of levels of intelligence and capability", a physicist explains. So, WHAT CAN WE DO AGAINST time travel, space travel, "WE HUMANS ARE LIKE ANTS and they are like elephants in terms WITH NEW FRAGILE LIVING-BEINGS - HUMANS? Compared to those who could shapeshift, FOR THEM TO PLAY WITH? Then, they migrated to another planet, to start it all over AGAIN years to make enough damage, so that there was NO MORE FRAGILE LIVING-BEINGS LEFT they left. Well, it was a little bit more complicated than that. It took millions of billions of they stayed on Mars. Mars became their chessboard, they played a game, they made a mess, NISED. When civilisations came to our solar system they observed, they stopped, they rested, it is said that MARS WAS THE VERY FIRST PLANET OF OUR SOLAR SYSTEM THAT WAS COLO-
